SATURDAY MARCH 14, 1908

Sugar may not go to five cents but it is headed in that direction.

Honolulu knows the date. Now get to work.

Dr. Scudder will preach tomorrow from the text "Genesis and Golf," not Genesis of Golf.

When Alexander Hume Ford does not wake up with a new scheme for Hawaii, he counts that night lost.

Citizens on the other islands will do well to make their plans early for visiting Honolulu during the stay of the Fleet.

Plans may be changed, and no one expects that the big Fleet will leave the Pacific without a call at some leading port of Japan.

Honolulu is absolutely speculation-proof. The ministers have lost "gambling" as a timely topic for pulpit talks.

Ten July days of unadulterated joy are in store for Honolulu and no effort should be spared to make it the same for the boys of the Navy.

Japanese residents of the Coast and Hawaii will give a demonstration of their good-will that will speak volumes for their home country.

Once having a wharf in Pearl Harbor, the Government should not require years to appropriate for the channel-clearing so that the ships may reach it.

The reception committee at Samoa will have to simply open the door and turn 'em loose. The population of the Fleet is larger than that of the island.

Atkinson having taken up the cause of temperance, he must henceforth give up striving to put charges of political dynamite under his enemies. That would be intemperate.

National Committeeman Robertson is laying his plans in the right style. With the contest begun in committee, Hawaii's claim for six delegates is sure of a first-class start.

Hawaii need make no further apologies for its inter-island steamship service. The Mauna Kea is as good as the best, and a hundred per cent better than the general average on any coast.

The man who tours Maui with an ear to the ground on Keopokai's reappearance, finds a tremendous number of citizens on both sides who talk as if they object to the tug they are wearing when "talking for public health."

FOR SIX DELEGATES.

Six delegates or bust! should be the slogan for Hawaii's Republican convention.

It is a slogan that may do lots of good and cannot do harm. We may get the six delegates by joining forces with the other Territories.

And there is no danger that Hawaii will "go bust."

It is sure of two.

PROHIBITION NOT ALWAYS TEMPERANCE.

The temperance meeting to be held Sunday evening will be of very general interest for the particular reason that the temperance leaders will presumably outline what they are driving at.

They will supposedly tell the public whether they are striving to turn this Territory into a prohibition community by the authority of law or carry on a general campaign for observance of the present law, assisted by temperate habits among the people.

The Bulletin is satisfied that the majority of the people of this Territory are not in favor of prohibition of the liquor traffic. Strict control fits the local situation and the-

city has never been better lined up with practice than it has under the present liquor law.

The present law is, furthermore, a local-option law in effect, although it does not bear the title.

The appointment of Liquor Commissioners in each County puts the administration of the law and the award of licenses in the hands of independent men, who understand the local situation. The practice of the Commissioners has shown that no license has been granted in any district when there is a general protest against it.

The Bulletin fully appreciates the good-will of prohibition workers. They are fired with the enthusiasm of citizens who have no doubt that they are absolutely right.

This paper believes in temperance. The enthusiasts should remember that when the liquor traffic is under good control, it is more often than not a good policy to recognize that "live and let live" has a good many thoughtful followers.

Preach temperance in all things. Prohibition is not always temperance.

Students in the Carnegie School of Technology in Pittsburgh changed in edginess R. T. Crane, the Chicago manufacturer, whose remarks about the school they resented.

STEVENS GETS DATA

(Continued from Page 1)

The above statement was made by Consul General Miki Saito as coming from D. W. Stevens, Foreign Adviser to the Department of Foreign Affairs of Japan, who is going to Washington on the S. S. Nippon Maru.

At the Japanese Consulate General this forenoon Saito said he had had an interview with Stevens this morning. Saito stated that Stevens is going to Washington to help Ambassador Takahira in the Japanese Embassy there.

Among other things they discussed was the question of the fire claims. Stevens has secured necessary information from Saito as to the payment or non-payment of certain fire claims. With this information, Stevens, it is said, will report to and discuss with Ambassador Takahira the best method of settling the claims.

S. Ozaki, one of the prominent merchants, who has an interest in the matter, was in consultation with Saito this morning.

Drinking Men Not Wanted

The above sign is now seen in many shops and offices in this city, because drinking men are unreliable.

Competition is too keen and life is too strenuous for an employer to keep men on his payroll whose nerves are unsteady and whose brains are not clear.

Every line of business is beginning to close its doors to drinking men. Drunkenness is a disease and like most diseases, has its remedy. Orrine is the reliable treatment and is sold under a positive guarantee to effect a cure or your money will be refunded. Orrine is in two forms: No. 1, which can be used without the patient's knowledge in tea, coffee or food; and No. 2 for those who wish to be cured.

The guarantee applies to both forms. Mailed in plain sealed package on receipt of \$1.00. Write for free booklet, mailed in plain sealed envelope. The Orrine Co., Washington, D. C., or Honolulu Drug Co., Ltd.

MAGAZINES AND BOOKS

INDOOR AMUSEMENT BOOK

"Hoyle's Standard Games," published by Laird & Lee, Chicago. Revised, enlarged and adapted to present usages. Who has not heard of Hoyle? This edition, however, is different from all previous editions of this famous authority. It not only gives the many old favorite games, but includes those which have only recently come into popularity, as Bridge-whist, "500," Skat, Four-handed Checkers, and the fascinating game of Hearts. Also Hearts with the queen of spades. Full directions for playing, with all rules, are given. Among the many popular card games are Euchre, Penochle, Whist, Casino, Pedro Sancho, Cribbage, Ecarte, Piquet, Boston and others. Aside from card games, full directions are given for playing Dominoes, Bagatelle, Chess, Checkers, and, in addition, Bowling, Billiards and Pool. A standard work of reference which, having been enlarged and revised, will prove of constant value to every one interested in social games and amusements. 348 pages, with complete cross-index. Paper cover, appropriate cover design in three colors, price 25c. Special decorative board cover, cloth back, 75c.

THE LIFE BOOK

"How to be Happy," by Grace Gold. Instruction, counsel and advice covering every sphere of activity from the cradle to the grave. A guide to the young and a comfort to the old. Extracts from the world's greatest poets, philosophers, orators and authors. Poems that inspire and entrance; that instruct, encourage and uplift, teaching correct habits and how to be happy and enjoy life. A book one can pick up and enjoy at any time, beginning to read here, there, anywhere—all its pages holding the interest alike. A basket of jewels containing gems of thought from the world's greatest minds. Full page half-tone frontispiece and many special illustrations. 336 pages, bound in cloth, title in gold, special cover design, \$1.00. Special paper cover, 25c. Laird & Lee, Chicago, publishers.

CITIZENS' RALLY.

Tomorrow evening at Central Union Church, former Territorial Secretary Atkinson will fire the first gun in the campaign of local option, which will be on from now until the measure becomes a law next March or April. That public opinion is back of this demand will soon be made evident for the Anti-Saloon League has the facts in hand. Hon. John G. Woolley's address tomorrow will be a revelation to Honolulu voters. Everything points to a crowded house.

Order a case of Tansan—only \$5.50 per case of four dozen bottles, delivered.

HAPPY WOMEN PRAISE PE-RU-NA

It Is Works, Not Words, That Has Made Pe-ru-na Famous Throughout the Land.

The miss and the matron alike praise Peruna. Girls and women have all discovered the value of Peruna. The Miss and Mrs. have been ill, each in her own peculiar way, and have found relief by taking Peruna.

Fair girls and beautiful women, frail daughters and ailing mothers everywhere have taken Peruna and know its value in the relief of ailments peculiar to their sex. From the grandmother to the girl babe the gentler sex are under numerous obligations to Peruna.

All this being true and the woman does not hesitate to tell it, her words win the confidence of other women, and thus the fame of Peruna spreads from household to household, until millions of homes acknowledge Peruna as their favorite and reliable family medicine.

Peruna is good for many minor ills. It can be relied upon to mitigate the many disagreeable effects of colds and irregularities so common among women. All the ailments of a catarrhal nature belong within the scope of Peruna's remedial action.

MISS ANNIE HENDREN

Miss Annie Hendren, Rocklyn, Wash., writes: "I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin. I can now do all of my work in the house, milk the cows, take care of the milk, and so forth. 'I think Peruna is the most wonderful medicine. I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good. Peruna has made me a well and happy girl. I can never say too much for Peruna.'"

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs. The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your Peruna and bought one bottle, and before I had taken it all I could get out of bed and walk about. After taking three bottles I was as well and hearty as ever. I gained in flesh from one hundred and eighteen to one hundred and eighty-six pounds. If it had not been for your great and wonderful medicine I would now be in my grave. I would advise all women sufferers to try it. I would not be without it for the world."—Anna Munden, Hollygrove, Ark.

"I was troubled with very serious pelvic weakness, which exhausted me so that I feared I would lose my mind. I suffered again with my back, the pain extending down my left leg. The pain was so severe that I would have welcomed death as a relief. Peruna cured me of this trouble, no wonder I recommend it so highly. It will soon be two years since I found relief from the pain and not a sign of it has returned. I am glad that there is a way in which I can speak of this, as many a sufferer may read my testimonial, and not only read, but believe."—Mrs. Wm. Henderson, Craik, N. W. T., Can.

"I feel it my duty to write and tell you of the good Peruna has done me. I was subject to female weakness. For six years I suffered more or less. We consulted various doctors, who gave me relief, but no cure. I have suffered a great deal, and my husband had very large bills to pay.

"In my despair I decided to try Peruna, and the first bottle taken according to your directions gave me relief. I have had no backset since then. Since we have used Peruna, a doctor has seldom been in our house."—Mrs. Martha Friedrich, Central Park, L. I., N. Y.

ments preparatory to the establishment of a long-distance service for communication with steamships.

"We didn't do very much," said Mr. Isabel "as the electrical conditions of the atmosphere for the last few days have been very much against any long-distance work."

"We tested some instruments I have brought with me and some time next week we intend to make a trip around this island to select a point for a high-power station for ocean work."

Asked for his opinion of the local system, Mr. Isabel said, "It is all right. It is the only system used for commercial purposes that I know of. It does the work and does it well. That is the best test of proficiency."

Mr. Isabel was asked regarding the relative power of the stations here and on the transports and to explain why it is not possible to work a greater distance with the local stations.

"It is a matter of power only," he responded. "You see the equipment on board the transports is what we call 'three Kw.' That on the Hilo-lan is a 'One Kw.' and the power of your local stations is about 'One-half Kw.' It is a mere question of power. The largest power on the battleships is about a 'Five Kw.' There is a station at Washington, D. C. of 'Fifteen Kw' power.

"Oh, yes; these stories of long-distance work are legitimate enough. I worked 2200 miles with the steamer President and exchanged messages. That's the test you may always put to a wireless man when he talks of long-distance work. They may get signals for a long distance, but do they exchange messages and have them 'oked'.

"All the passenger ships of the Pacific will be equipped with wireless in a comparatively short time. They will have to do it."

MRS. SOPHIA CALDWELL

Mrs. Sophia Caldwell, 1122 McGavock street, Nashville, Tenn., writes:

"After doctoring for a year and finding no relief from leucorrhea resulting from prolapsed uteri, and which was sapping my life forces away, I finally tried Peruna and when I found that it was helping me every day it seemed almost too good to be true.

"But, it not only helped me, it cured me and in a very short time. I am now enjoying the best of health. I am strong and free from pain, and I certainly feel that all praise and honor are due to Peruna."
